

## Curriculum Overview

At Pheasant Bank Academy, we follow the National Curriculum which is skills based and appropriate for the age of the children. We teach the curriculum through half termly topics, encouraging cross-curricular links between the subjects. Each topic is planned to engage and stimulate the children's curiosity and interest through a variety of activities where children learn and apply new skills. There are also learning opportunities provided through out of school trips and visitors. At the end of each topic children are given the opportunity to review and evaluate their learning and experiences.

The above skills are developed throughout their time with us:

English	Mathematics	Science	Religious Education (RE)
History	Geography	Music	Physical Education (PE)
Spiritual, Moral, Social and Cultural Understanding	Computing	Art	Design and Technology
